*(Dealer SINCE 1990)*

## About BCM

BCM is recognized as one of the leading integrator in the field of electromechanical systems specialized in safety & security systems, care communication systems and fire suppression systems. This reputation is built on the premise of providing solutions centered on the quality technical design & taking into consideration its cost effectiveness. Our hands-on approach ensures that products and services offered to our clients adhere to the prescribed goals and satisfies their expectations.

BCM maintains that our clients should receive a significant return on their investments by providing a range of specialized products and services that complement today's high-tech innovations and that the quality of these products and services provided should benefit the client in the long term.

BCM is well positioned as a leading distributor and integrator of safety & security systems, care communication systems and fire suppression systems, our partners and suppliers keep us abreast with the latest technology development and skills enhancement. Our comprehensive service programs that provide annual inspections, emergency response, and a full complement of maintenance services, for any size solution and any budget.

## Our BRANDS

### **Simplex** FIRE ALARM SYSTEM

BCM Provides Simplex Fire Alarm Solutions in conventional and addressable structure and extinguishing systems utilizing the latest generation of stable Fire Alarm Control Panels and Detection & Notification Devices with advanced features. Simplex offer wide range of control panels with different device capacity and modular design which always maintain cost effectiveness and helping to ensure a long life for our solutions and products. Simplex products are approved to international standards, including NFPA, UL, LPCB, FM etc...

### **WAGNER** FIRE PROTECTION SYSTEM

WAGNER, a German based global leader in fire protection has very unique products and delivers intelligent systems. Their flagship solutions include, Very early smoke detection apparatus using air sampling smoke detectors (TITANUS®) and Active fire prevention through low oxygen systems (OxyReduct®). WAGNER's fire prevention solutions protect a wide range of applications, such as data centers and IT, telecommunications facilities, storage and logistics centers, archives, museums, administration buildings, production halls, rail vehicles, hotels and many more.

## **EZCARE** NURSE CALL SYSTEM

BCM offers ZETTLER EZ-Care nurse call system that meet all your necessary requirements in a single package. the ability to allow a patient to communicate their needs to a nursing staff can save both time and money. The ability to prioritize and visualize those same needs can save lives. From basic bedside calls or emergency pull cord to nurse station and everything in between.

## **KANTECH** ACCESS CONTROL SYSTEM

Nothing is more vital to the health of an organization than making sure that its people, assets and operations are safe and secure. Access control addresses the full scope of risks that might arise, including risks that other security systems such as burglar alarms and intrusion detection. Kantech offers a full suite of access control products that are reliable, easy to install and easily scalable also can integrate with other security and operational systems.

## **American Dynamics** CCTV SYSTEM

BCM provides American Dynamics with a wide range of CCTV solutions in both analog & IP format and variety of CCTV equipments are available to meet any specific security needs, including cutting-edge intel-ligent video solutions that provide real-time video content analysis having the ability to analyze, recognize and identity information in live and captured video. Our systems are equipped to monitor and initiate alerts on pre-determined settings in any given situation.

## **Simplex** MASTER CLOCK SYSTEM

Synchronization is a key element in managing any business or facility. When you're coordinating multiple people and schedules, it's important to make sure everyone is running on the same clock. Simplex offer wide range of Master Clock- the center of a synchronized clock system in Wired, Wireless & PoE format with GPS time receiving antenna and variety of slave clocks in both Analog & Digital format.

## GROUP Profile

**BASHEQ FOR  
WHOLESALE AND RETAIL**

- TYCO Dealer for safety & security systems and fire suppression systems
- Total Low-current System Integrator
- System Sales, Installation, Programming, Testing and Commissioning
- Addressable & Conventional Fire alarm Systems
- Fire Fighting & Fire Suppression Systems
- Analog & IP CCTV Systems and Access control Systems
- Nurse Call & Doctor Systems
- Wired, Wireless & IP Master clock Systems

**AL-JOWDAH AL MAMARIAH  
FOR CONTRACTING AND MAINTENANCE**

- Architectural and Electromechanical Contracting & Execution
- Saudi Civil Defence License Owened Co.
- Electromechanical Annual Maintenance Contracting
- Mechanical, Electrical & Plumbing Design
- Planning Quantity Surveying & Material Specifications
- Technical Design & Drafting
- Building information modelling (BIM)
- Structural and Architectural Designs and Analysis
- Building Information Modeling
- Survey & Supervision
